# Become a Sponsor of Blue Cities

## Shaping the Future of Urban Water Management

Blue Cities is a focal point for dialogue and collaboration amongst decision-makers in local government, the private sector, researchers, knowledge and technology providers, as well as other levels of government and government agencies. The program focuses on strategic issues of importance related to municipal water management, climate adaptation and mitigation and public health protection.

Each year the Blue Cities speaker roster is carefully curated to ensure maximum impact. Highly-respected interdisciplinary experts from across Canada and the globe are invited to share their innovative approaches and perspectives. The attendees, who are senior decision makers across government, the private sector, academia, the NGO sectors and Indigenous led organisations, are also invited to share experiences and insights.

## Canadian Water Network's Canadian Municipal Water Consortium

## Why Sponsor Blue Cities?

Blue Cities 2025 presents a unique opportunity to showcase your organization to a national audience of decision-makers who are working to keep our communities healthy and safe.

Over the course of the event, sponsors will have the opportunity to:

- **Network with water executives** and position yourself as an industry thought leader.
- **Build stronger relationships** with municipalities, governments, industry and NGOs.
- **Participate in shaping solutions** for the municipal water sector.

Blue Cities is a national conference that typically attracts around 200 water leaders from municipalities, industry, academia, NGOs, Indigenous-led organizations and government. The event is designed to maximize networking opportunities, with interactive breakout sessions, lengthy networking breaks and an all-delegates Welcome Reception.

To kick off the Blue Cities Conference on May 13, we're hosting an exclusive, invitation-only evening reception. As a valued sponsor, you'll receive VIP access to this special event, offering a unique opportunity to connect with industry leaders and fellow sponsors.

## Who will you find at Blue Cities?

- Senior decision-makers and experts engaged in water management as it relates to communities, climate and health
- Government decision makers.
- Leaders of Indigenous-led organizations.
- Academics and topic experts.
- NGO and watershed directors.
- Industry product and service leaders.
